Dear Secondary Families,

Here at NGG we have a contract with a locker company should you require one. The laptop, at your own risk, can be locked up during school hours - for instance - during music, PE etc. NGG has nothing to do with the renting. Please visit www.mylocker.dk and fill out the application form if you want to rent a locker. The company will then set up your locker at the school complete with a combination lock.

We have lockers now for our Grade 8 and 9 students and they are working very well. You can see these lockers across from the Library. We can order as many as we need, so there is no problem signing up.

Best regards,

A handwritten signature in blue ink, appearing to read 'Karen Johansen', with a long horizontal stroke extending to the right.

Karen Johansen

Vice-Headmaster NGG I
