Denmark

Hørsholm, April 28, 2010

Dear Parents at HIS,

As I have often stated it is the school's primary purpose to create a good school day for our students in order to give each individual student the optimal academic challenges.

In order to develop the school to the satisfaction of both students and parents, all teachers at HIS are invited to a conference with the title: *"The students' well-being NOW and in the FUTURE"*.

Seeing that HIS will have evaluation visits for both MYP and PYP this academic year and because both MYP and PYP will be growing in the coming years I have asked Karen Bøttger to help Karen Johansen with her coordinator jobs for the school year 2010/11.

By doing so, my hope is to raise the communication level to the homes, to create more cooperation with the Danish department and to develop HIS to the benefit of us all.

I have also decided to send out a questionnaire to all HIS homes in order to see where we could concentrate more or change existing conditions.

At the moment the plan is to ask both students and parents to fill out the questionnaire.

Kind regards,

Jan Thrane
