

“What’s on for families?” / Week 42 - autumn break

Underneath you will find a compilation of family activities for the upcoming holiday. If you have any good tips in the future, please send them to stine@sippel.dk, and they’ll be included in the upcoming News Bulletin/“What’s on for families?”

This edition’s list is rather long because in Denmark autumn break is traditionally a holiday dedicated to family activities – in the old days *the* activity in the countryside consisted of harvesting/storing potatoes. Hence the traditional name “potato harvest holiday”.
